

Policy Number: 1980-01
Effective Date: 01/01/1980
Revised Date: 02/04/2020
Applicability: Financial Managers

Purpose

To identify a reasonable and consistent policy concerning the installation and maintenance of laboratory or research related equipment or laboratory specific HVAC systems or special utility support systems.

Policy

The cost of installation, maintenance, repair, and/or replacement of laboratory or research related equipment or laboratory specific HVAC or special utility support systems is the exclusive financial responsibility of the researcher and their department or college. Costs may also include special electrical or other utility upgrades necessitated by the equipment.

This policy is consistent with existing Service Level Agreement.

Keywords: Equipment, Laboratory, Research
